A Content Management System to keep track of user caloric intake

- **Front-End** user interface built with **React.js** & **Javascript**
- **Back-End** server built with **Node.js** to update **JSON** database
- Utilized **Bootstrap 4** for responsive desktop and **mobile** design

| WORK HISTORY

Arthrex California Inc. - HR Assistant

Walnut, CA 05/2017 - 05/2019

- Handled all administrative HR responsibilities related to the overall employee experience
- Worked collaboratively with HR Manager to develop and maintain relationships with employment agencies, local universities, and other recruitment services
- Led new hire trainings and orientation
- Assisted the HR Manager with employee relations in preparing sufficient documentation for all formal and informal employee relations meetings (e.g. grievances, disciplinary actions)
- Developed quarterly surveys that analyze employee culture to assist in workforce planning
- Utilize various inventories & personality assessments to assist throughout the onboarding process
- Performed quarterly audits on employee benefits (Health, Life, & 401k) to ensure accuracy
- Participated in full-cycle recruitment that included sourcing, candidate selection, and on-boarding
- Provided support to HR Manager and department supervisors in developing orientation program materials for new employees
- Managed and prepared bi-weekly attendance reports utilizing spreadsheets to track employee attendance and process appropriate disciplinary action
